TODAY'S *smartest* BATHROOMS FEATURE HALL-MACK ACCESSORIES

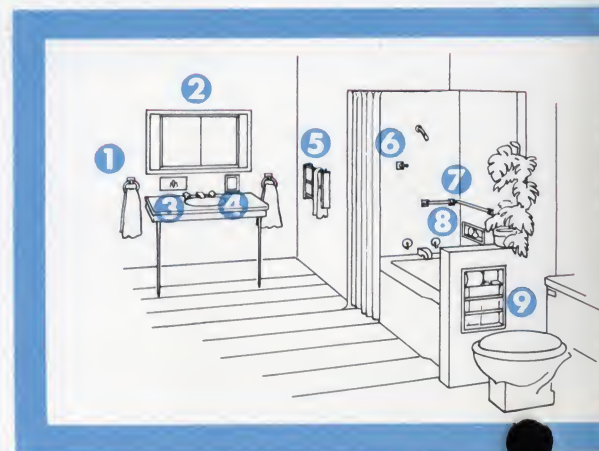

THE GUARANTEE

FOR DISTINCTIVE *beauty* IN THE BATH

All beauty is relative. Yet certain objects reveal rare beauty in their essence. Originality of design, the nature of their materials, and painstaking craftsmanship...these are the qualities that set them apart. When combined with utility, the result is a fine *distinction*...practical and unusually pleasing to the eye. Hall-Mack bathroom accessories fit this category neatly. From blueprint to bathroom, these distinctive accessories have earned the approval of architects, builders, and home owners the world-over. Tomorrow, millions will make them a solid choice for beauty in the bath. Millions have already.

THE SUPREMACY OF **HALL-MACK** SPEAKS FOR ITSELF IN EVER-INCREASING

*of quality ...THE STAMP OF ACKNOWLEDGED LEADERSHIP*  
*IN value AND style*  
*FOR OVER 36 YEARS...*

Leadership in styling demands a certain boldness. Paradoxically, it requires restraint also, because the true test of this leadership is the ability to set a pace which provides tangible gains, yet not so swift as to outdistance public taste. Quality leadership stems simply from adherence to the idea that anything worth doing is worth doing well.

. . . . .

Few firms can rest on reputation alone. Once earned, leadership can be maintained only so long as its products merit that position. For 36 years, the Hall-Mack trademark has been recognized as the guarantee of quality, style, and value. This long supremacy as the leader in its chosen field speaks for itself.

. . . . .

Hall-Mack products are sold by plumbing, tile, and hardware dealers throughout the United States, Canada, and many other countries. Distributors are served swiftly and efficiently from three factory warehouse stocks—at Los Angeles, Chicago, and Clifton, New Jersey.

## New CONCEALED VANITY SHELF

Behind smoothly sliding mirrors, this sparkling new Vanity Shelf conceals a multitude of things. Styled for solid utility, it offers ample space for electric or blade razor, soap, toothbrush, tumbler, medicines and toiletries, plus an optional electric outlet for shaver or other use. Ideally situated at the lavatory between the mirror bottom and basin top—this easily installed unit may be placed in any of several locations for particular convenience. Originated for tomorrow, yet available today... Hall-Mack's new Concealed Vanity Shelf is as attractive as it is practical.

### SPECIFICATIONS

Three models are available:

**No. 341.** Steel recessed box with hammer-tone metallic finish, protected by a full length glass plate. The convenience outlet for electric razor or other use is located in the upper lefthand corner, with toothbrush holder at the right side. Frame around sliding mirror panels is chromium plated brass with closed joints.

**No. 342.** Similar to No. 341 except that it does not have a convenience outlet or glass plate. Frame is polished stainless steel instead of chrome plated brass.

**No. 343.** Exactly the same as No. 341, but 12 inches longer.

NO.	WALL OPENING	OVERALL OF FLANGE
341	28 $\frac{3}{4}$ " x 7 $\frac{3}{4}$ " x 4"	30" x 9"
342	28 $\frac{3}{4}$ " x 7 $\frac{3}{4}$ " x 4"	30" x 9"
343	40 $\frac{3}{4}$ " x 7 $\frac{3}{4}$ " x 4"	42" x 9"

*Quality WITH practical BEAUTY*

## RELAXATION UNIT

No. 302

Complementing fine bathrooms  
with fully recessed space for:  
Toilet Paper Holder  
Cigarettes and Matches  
Place for Ash Tray  
Rack for Small Magazines  
Rack for Large Magazines  
and Newspapers

Luxuriously practical, this eye-catching accessory is recessed completely and flush with the wall to blend smoothly with any decor. Chrome plated brass frame and bars match the gleaming chrome trim on the bathroom plumbing fixtures, while the surface of the steel interior is finished in a harmonizing hammertone texture. Clean lined and serviceable, Relaxation Unit No. 302 adds unusual appeal to any bathroom.

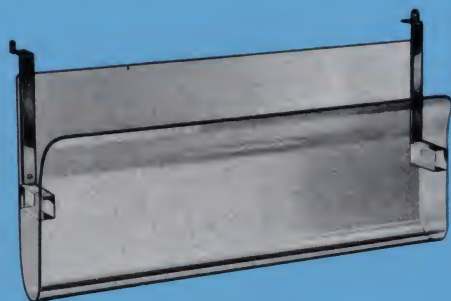

Wall Opening:  $12\frac{1}{8}$ " x 18" x 4"  
Overall of Flange:  $13\frac{1}{4}$ " x  $19\frac{1}{2}$ "

## RELAXATION UNIT No. 300

A chrome bound recessed fixture of great utility. Holds toilet paper and smoking materials. Mirror-backed recess shelf in center compartment is designed to hold toiletries, a deodorant, or even a small plant. Compact and convenient.

Wall Opening:  $20\frac{1}{2}$ " x  $6\frac{1}{4}$ " x 4"  
Overall of Flange:  $21\frac{1}{2}$ " x  $7\frac{1}{2}$ "

## LUCITE MAGAZINE RACKS

Created of crystal clear lucite with chromium plated brass hangers. Holds large magazines or newspapers. 20" wide by 11" high.

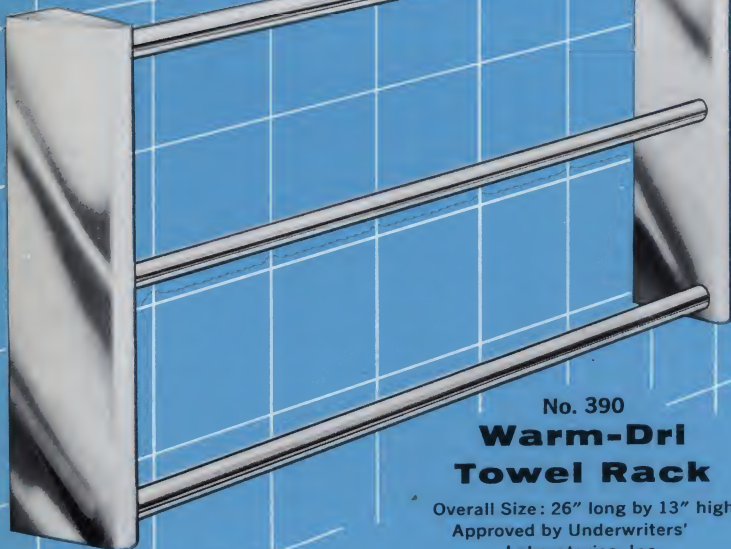

No. 300A — Shown at left. Built for attachment to Relaxation Unit No. 300 after installation of the latter. Easily attached or removed by two machine screws.

No. 301 — Not illustrated. Exactly the same as No. 300A except that hangers are made to attach to wall surface.

EVERYWHERE... *permanent* FIXTURES ON THE DOMESTIC SCENE!

FOR EXTRA LUXURY

No. 390  
**Warm-Dri  
Towel Rack**

Overall Size: 26" long by 13" high  
Approved by Underwriters'  
Laboratories, Inc.

**INSTALLATION:** Bring house wiring conduit to center of right hand bracket location. Base of bracket is 1 5/8" wide by 12 1/4" high. An installation template is packed with each fixture.

SOME **HALL-MACK**®

## **WARM-DRI Electric Towel Rack**

Styled simply for comfort, this attractive triple towel bar is winning a warm reception from discriminating individuals across the land. A touch of the switch and the bars are heated by a 50 watt element within the tubes, providing just enough heat to make the towels as warm as toast, yet without discomfort for the tenderest hand. Operating costs are negligible, and a red signal light indicates when current is on. The bars and end brackets are made of brass, chromium plated. A truly outstanding accessory in any bathroom.

**Recessed Tissue Holder** No. 319

Nothing shows but the gleaming chromium plated brass panel, flush with the wall. Wastes no dressing table space, yet always at hand for instant use. Face panel is removable for easy reloading, and container holds large size package of 400 tissues.

Wall Opening: 10 5/8" x 5 1/8" x 4"  
Overall of Flange: 11 1/2" x 6"

## **EVER-SO-HANDY TISSUE HOLDERS**

Proof that bathrooms need not be cluttered with torn paper boxes is provided by these good looking Tissue Holders. Ever-so-handly, they are designed to improve the appearance and convenience of any bathroom.

**Surface Tissue Holder** No. 318

For wall mounting or table top. This dual purpose holder is packed both with screws for concealed wall mounting and rubber feet for counter or table top use. Made of chromium plated solid brass, it holds a small size (200 tissues) package.

Size 10 1/4" x 5" x 2 1/4"

AND **value** TO ANY HOME*

## HEAVY DUTY GRAB BARS

A SAFETY ASSET APPRECIATED BY ALL AGES...

These sturdy bars are triple plated, extra heavy gauge  $\frac{3}{4}$  inch round brass tubing. Solidly fastened in strong die cast posts, they are finished beautifully in chromium plate for smart appearance. Each end post is secured firmly by three screws.

### MANY INTERESTING AND USEFUL INSTALLATION POSSIBILITIES

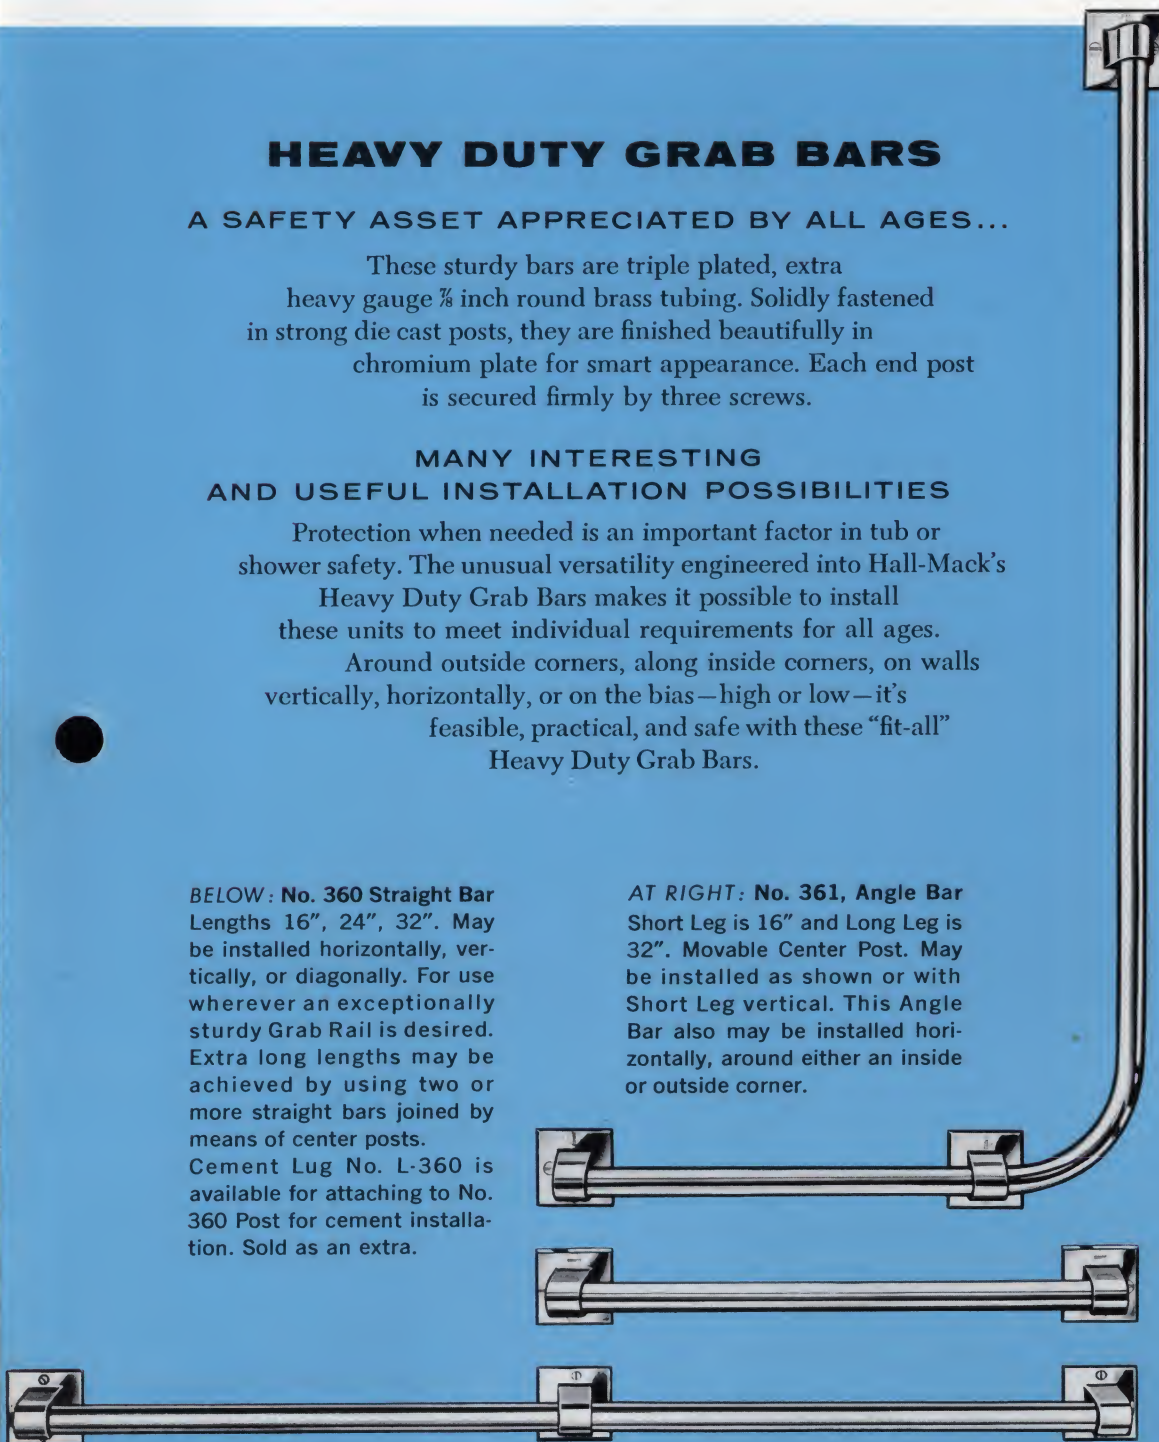

Protection when needed is an important factor in tub or shower safety. The unusual versatility engineered into Hall-Mack's

Heavy Duty Grab Bars makes it possible to install these units to meet individual requirements for all ages.

Around outside corners, along inside corners, on walls vertically, horizontally, or on the bias—high or low—it's feasible, practical, and safe with these "fit-all" Heavy Duty Grab Bars.

**BELOW: No. 360 Straight Bar**  
Lengths 16", 24", 32". May be installed horizontally, vertically, or diagonally. For use wherever an exceptionally sturdy Grab Rail is desired. Extra long lengths may be achieved by using two or more straight bars joined by means of center posts. Cement Lug No. L-360 is available for attaching to No. 360 Post for cement installation. Sold as an extra.

**AT RIGHT: No. 361, Angle Bar**  
Short Leg is 16" and Long Leg is 32". Movable Center Post. May be installed as shown or with Short Leg vertical. This Angle Bar also may be installed horizontally, around either an inside or outside corner.

## TOWEL RINGS of lucite and chrome

*'crystal clear  
ebony black  
or crystal flecked  
with 'star-dust'*

STIRRUP SHAPED and sparkling with excitement, these dramatic Towel Rings may be featured throughout a bathroom or used individually to supplement towel bars. Requiring minimum square inches of wall space, these cleanly styled accessories hold towels neatly in place, prevent them from slipping off. Available in a range of eye-catching styles, Hall-Mack's attractive Towel Rings have a heavy cast base finished in gleaming chromium ...designed to blend with any decor.

**No. 386**  
Chromium plated base with crystal clear lucite ring.

**No. 386B**  
Chromium plated base with ebony black lucite ring.

**No. 386C**  
Chromium plated base with 'stardust' lucite ring. Crystal lucite is studded with twinkling metallic chips.

**No. 384**  
Chromium plated base. Clear lucite ring, hand-formed from round rod. Same size as No. 386 shown above.

SO MUCH UTILITY... IN SO

*SPELL king-size convenience in pint-size space!*

#### RECESSED TOW'LESCOPE NO. 310

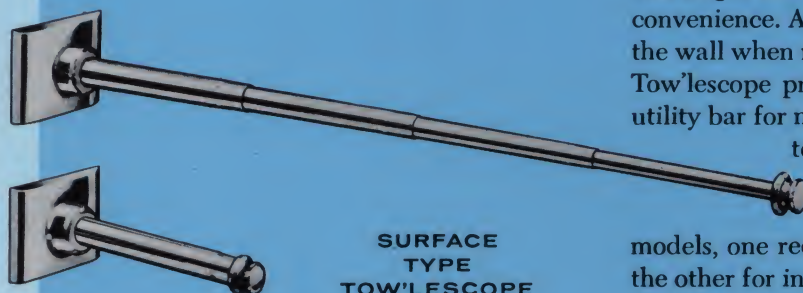

Wall Opening: Simply drill a hole in the wall,  $\frac{3}{4}$ " in diameter by 4" deep. Specify No. 310-L if desired for cement installation.

### The **HALL-MACK®** TOW'LESCOPE

Space saving multiplies rapidly with this bright new idea in bathroom convenience. Actually telescoping into the wall when not in use, Hall-Mack's Tow'lescope provides a 'push-pull' 14" utility bar for nylons, lingerie, or guest towels. Clean and modern, the Tow'lescope is supplied in two models, one recessing fully into the wall, the other for installation on wall surface.

Overall of Flange: 18" x  $9\frac{1}{4}$ "

No. 329

#### LUCITE SOAP STAND

A heavy crystal clear lucite soap holder for use on lavatory or counter top. Smartly attractive in appearance and practical in use.

Size: 4" x 3"

**LITTLE SPACE**

*OUT OF SIGHT... AT THE TOUCH OF A FINGER*

## Concealed LAVATORY UNITS

Soap, Tumbler, and Toothbrush Holder do a disappearing act at the wave of a hand with these intriguing Concealed Lavatory Units. The revolving panel fits neatly within a seamless housing recessed into the wall, allowing bathroom utilities to be concealed fully when not in use. Recessed shell and panel of No. 338 are solid brass, finished in sparkling chromium plate. Model No. 339 has door panel of less expensive materials, described below. Created particularly for luxurious modern living, these distinguished accessories blend smoothly with any bathroom decor.

No. 339—Lavatory Unit has a recessed housing of chromium plated brass. The revolving panel is compression molded white Plaskon. The smooth side of the revolving panel is covered with stainless steel, beautifully chromium plated.

Wall Opening for both models:  $6\frac{1}{2}'' \times 8\frac{1}{8}'' \times 3\frac{1}{2}''$ . Overall of flange for both models:  $7\frac{3}{8}'' \times 8\frac{3}{8}''$ . Screw installation is through sides of recessed housing. Specify "L" type if wanted for setting in cement. Glass Tumbler shown is not included, but can be furnished. It is No. 333.

## Concealed TOILET PAPER HOLDERS

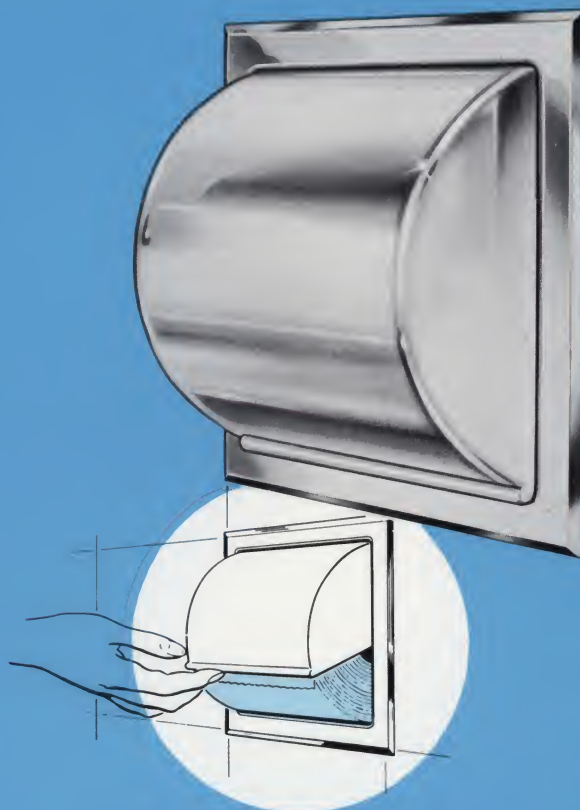

U.S. Patent No. 2,561,584

Hall-Mack's smartly-styled Concealed Paper Holder No. 378, shown at right, consists of a fully recessed shell, fitted with an inner revolving hood pivoted at each side of the Crometex roller. Easily raised to expose the paper, the revolving hood closes at the touch of a finger to provide smooth concealment. Recessed completely—eliminating the projecting ears commonly used to hold the roller—the shell is made of die cast Zamak metal, chromium plated. The revolving hood is solid brass, brilliantly chromium plated.

No. 478, shown above, is a semi-concealed recessed paper holder. It has a hinged chrome hood which hides the paper, keeps the tissue clean and acts as a brake on the roll. This handsome fixture is made entirely of brass, finished in brilliant chromium plate.

No. 478 is  $6\frac{1}{8}$ " x  $6\frac{1}{8}$ " overall of the flange and takes wall opening  $5\frac{1}{4}$ " x  $5\frac{1}{4}$ " x 2". Specify "L" type if wanted for cement installation. See page 17 for screw installation detail.

No. 378 is  $6\frac{1}{2}$ " x  $6\frac{1}{2}$ " overall of the flange, and takes wall opening  $5\frac{5}{8}$ " x  $5\frac{5}{8}$ " x 3". Usually furnished for wood screw installation through top and bottom of recessed shell. Specify "L" type if desired for cement installation.

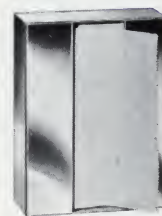

## Sheet Type TOILET PAPER HOLDERS

Recessed type shown at left installs flush with wall. Requires wall opening:  $4\frac{1}{2}$ " x  $5\frac{1}{2}$ " x 2". Specify "L" type if desired for cement installation.

No. 373  
Overall:  $4\frac{3}{4}$ " x 6"

Surface type holder at right is made for mounting on face of wall. Screw installation only. Both types are made entirely of brass and chromium plated. For paper  $6\frac{1}{2}$ " x  $4\frac{1}{2}$ ", folded to  $3\frac{1}{4}$ " x  $4\frac{1}{2}$ ".

No. 372  
Size:  $3\frac{3}{4}$ " x 5" x  $1\frac{5}{8}$ "

# ROYAL SETTING FOR ANY BATHROOM... **ARISTOCROME**... BY

**ARISTOCROME'S  
REGAL BEAUTY  
SPEAKS WITH SIMPLE  
ELOQUENCE!**

Hall-Mack's finest. In concept, craftsmanship, and inherent quality, Aristocrome's clean-lined elegance provides a royal setting in any bathroom. Except for the stainless steel bar in Model No. 492... all plated parts are made entirely of solid brass... because brass has no counterpart as a base for fine chromium plate. Designs are classically modern, yet simple enough to blend skillfully with any period of decoration. Choice of round, square, or diamond shape wall plates for surface accessories is a feature valued by architect, builder, and owner alike. Original concepts, fine materials, and precise workmanship are combined in Aristocrome... Hall-Mack's most wanted line.

## SURFACE FIXTURES • SQUARE BASE DESIGN SERIES T

Wall flanges are a modified square pattern designed to harmonize with the square recessed fixtures. These 2 1/4" square flanges also may be installed diagonally to achieve a diamond shape base effect as shown with the Tumbler and Toothbrush Holder in box at left.

## RECESSED FIXTURES

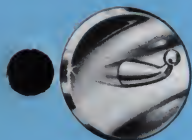

Patented heavy lucite tray in Nos. 425, 445, 465 eliminates the hard-to-clean metal lip found in many recessed fixtures. Paper Holder No. 478 has a hinged chrome hood which conceals the paper partially, keeping the tissue clean and acting as a brake on the roll. Paper Holder No. 475 is similar, except that it does not have the hinged chrome hood.

All recess pieces are 6 1/8" x 6 1/8" overall of the flange, and take a wall opening 5 1/4" x 5 1/4" x 2". Add "L" to catalog number for cement installation. See page 17 for installation details.

Catalog numbers below designate fixtures to be installed with screws or toggle bolts. Specify "L" type if wanted for cement installation.

## SURFACE FIXTURES • ROUND BASE DESIGN SERIES R

Wall flanges are 3 1/2" diameter with a subtly concave face and slightly beveled edges. Beautifully practical, these distinguished fixtures lend themselves easily to any bathroom decor, aided by the concave motif in the cleanly designed round base plates.

A DISTINGUISHED LINE... AND A **HALL-MACK®** BEST-SELLER

### CORONADO ACCESSORIES

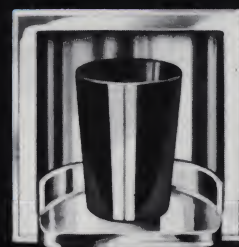

There's something so sensible about Coronado that it's little wonder this famous line leads the Hall-Mack sales parade throughout the land. From Abilene to Emmetsburg...from Stamford to San Luis Obispo, these distinguished accessories are complementing fine American bathrooms with an air of genuine quality. Original in design...so pleasing to the eye and touch, these gleaming accessories are styled simply for solid convenience. No wonder Coronado is Hall-Mack's best seller everywhere.

### EXCLUSIVE FEATURES

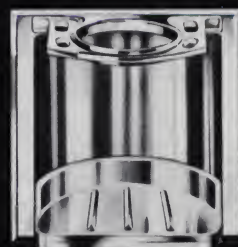

Surface fixtures are heavy cast Zamak metal...hand polished, copper plated, nickel plated, and heavily chromium plated. Recess fixtures—brass except for die cast trim—are polished beautifully, nickel plated and heavily chromium plated. These recess accessories eliminate the metal lip grime-collector...utilizing a crystal clear polystyrene tray held in its recessed chrome shell by an ingenious patented device. For extra utility, the shatterproof tray may be lifted out for easy cleaning.

## CORONADO INSTALLATION AIDS

### RECESSED CLAMP No. 600C

for easy installation of 400 and 600 series recessed fixtures in old walls.

Formed of heavy cold rolled steel, zinc-coated to prevent rust. With each clamp are two 2" chrome plated brass machine screws, making the clamp usable with any thickness of wall facing from ¼" to 1¼".

To use clamp, cut square opening in wall surface 5¼" x 5¼". Edge of opening should be at least 2" from nearest stud. Installation shown here is for soap dish, tumbler holder, or soap and grab. Paper holder is installed with clamp vertical instead of horizontal.

### ADHESIVE WALL MOUNT NO. 600A

This is an adhesive device for mounting Coronado Surface Fixtures on any wall surface without screws or toggle bolts and without damage to the wall. It is not as strong as screw or bolt mounting, but will sustain 6 to 8 pounds dead weight. It is especially suited to a householder putting up accessories where he does not want to deface the wall. It is not recommended for new construction. Packed 50 to the counter display carton shown at left.

## INSTALLATION INSTRUCTIONS

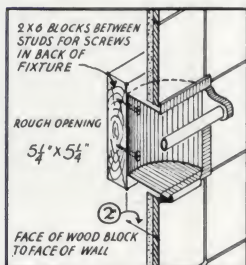

Catalog numbers designate screw-installed fixtures. Add "L" to catalog number if wanted for cement installation.

### RECESSED FIXTURES

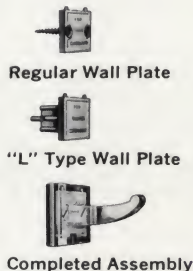

Screw installation of recessed fixtures is through the back of the recess. "L" type recessed fixtures for setting in cement are made without screw holes, and with lugs attached to the sides of the shell for imbedding in cement.

### SURFACE FIXTURES

Concealed screw mounting of surface fixtures is simple, positive, and easy to install. The fixture is locked tightly in place, but can be removed from the plate at any time simply by unscrewing the concealed set screw.

## ChinaVogue

**HALL-MACK's** SMOOTHLY STYLED

WHITE VITREOUS CHINA

High fired vitreous china, beautifully glazed in white, lends extra appeal to these all-ceramic favorites. Providing an attractive fixture that will not scratch, craze, or discolor...these smoothly-styled accessories are installed by either of two methods.

Screw-On Surface Fixtures are installed by means of a wedge-shaped plate fastened to the wall with screws or toggle bolts.

A slot in the back of the fixture fits over the entire plate, concealing screw heads and giving the fixture a built-in appearance.

Cement-In Fixtures have a flange covering the edge of the rough opening to speed installation and permitting a modern styling of the fixture with complete harmony of design throughout the line.

Wall Opening: No. 965, 976, 1926, 1965, 1976: 5 3/4" x 4 1/4" x 1"  
Nos. 1925, 1945: 4 1/4" x 5 1/4" x 1"

REFLECTING THE FINER THINGS IN LIFE...

## **HALL-MACK® BATHROOM CABINETS**

*Good looking* in every detail, Hall-Mack Bathroom Cabinets bear the unmistakable stamp of quality that reflects the finer things in life. Fashioned with meticulous Hall-Mack craftsmanship, these *permanent* fixtures cost a trifle more than ordinary cabinets. As the center of attention in fine bathrooms down the years, these *quality* cabinets are well worth their small extra cost. Blending smoothly with any decor, they simply reflect good taste.

### **The Lighted Wing Cabinet**

The center unit is a seamless porcelain cabinet with chrome bound mirror door and full length fluorescent lighting at each side. For details of center unit see description of No. FLP-1826 on Page 24.

At each side of the center unit is an 18" x 26" chrome bound wing mirror that can be swung smoothly to any desired angle.

When wings are back against the wall, they make an expanse of mirror more than five feet wide, interrupted only by the half round pillars of fluorescent light.

**No. FLP-1826W**

Each Mirror 18" x 26"

Wall Opening 24" x 24 x 4"

Width Over-All 63 1/4"

Shipping Weight 84 pounds

Wiring Data on  
Page 25, Fig. 2

**HERE'S QUALITY THAT MIRRORS THE CHARACTER OF THIS ENTIRE ROOM!**

## The "Lighted" Mirro-Glide

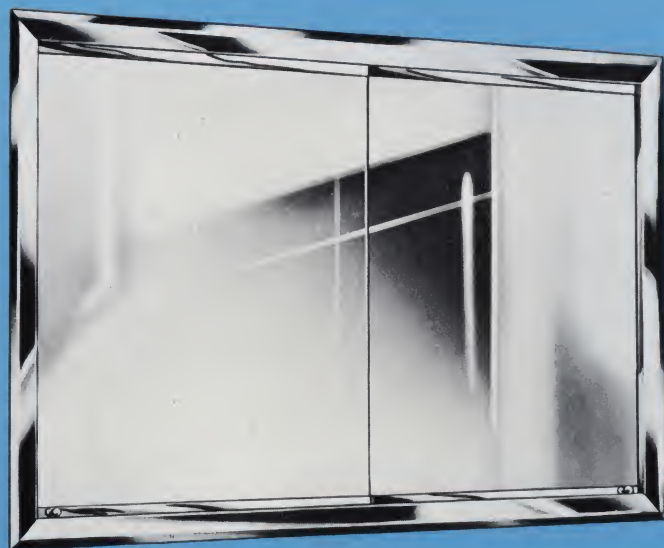

No.	Mirror	Wall Opening	Overall of Frame	Shipping Weight
MGL-4024	31" x 20"	37 $\frac{3}{4}$ " x 22 $\frac{1}{4}$ " x 5"	40" x 24"	84 lbs.

For Wiring, see Figure 4 on Page 25

## FLAWLESS BEAUTY WITH IN BATHROOM OR

Similar to Hall-Mack's famed Mirro-Glide with the addition of a panel of light at each side of the mirrors to provide a strikingly practical accessory...the "Lighted" Mirro-Glide contributes new beauty to these rooms. Perhaps even more important, these lights—concealed behind opal glass flush with the mirror face—lend real clarity to good grooming habits. Light switch and convenience outlet are situated inside the lefthand cabinet. Additional wall switch control is recommended. Each cabinet uses four T8 40-watt frosted lamps. These are not packed with this unit.

## The Mirro-Glide

No.	Mirror	Wall Opening	Overall of Frame	Shipping Weight
MG-4226	39" x 22"	39 $\frac{3}{4}$ " x 24 $\frac{1}{4}$ " x 5"	42" x 26"	88 lbs.

This mirror on the wall fairly sparkles with the extra conveniences inherent in Hall-Mack's highly-prized Mirro-Glide. Greater viewing expanse, more cabinet capacity, and smoother ease of operation... this beauty has them all. Two sliding plate glass mirror doors conceal double cabinets, which contain six fully adjustable bulb-edge glass shelves. A large 20" x 22" mirror always is ready for use, even with one cabinet open. Fully recessed, with nothing allowed to project at any time, the entire unit is bound by a gleaming frame of chromium plated stainless steel. Interiors are finished in durable, oven-baked white enamel. Mirro-Glide... a cabinet that adds beauty and utility to the finest bath or dressing room.

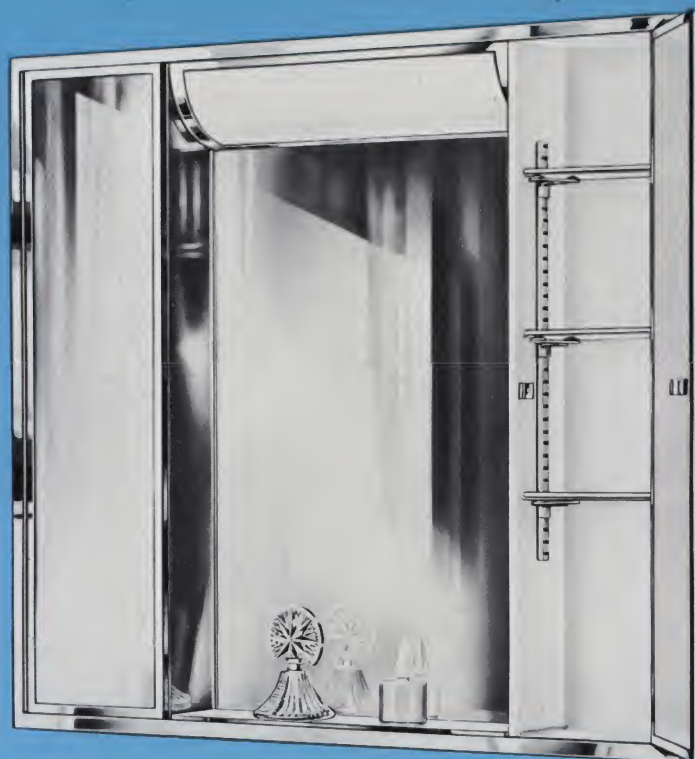

**MEDICINE CABINETS**

# ENDURING CONVENIENCE DRESSING ROOM...

## The Hollywood Vanity

Center of the stage for an audience of one, Hall-Mack's captivating Hollywood Vanity reflects luxurious utility. An exciting eye-catcher in all ways, it features a large recessed center mirror flanked by full-length side mirrors, plus mirror shelf base, and indirect overhead lighting sheltered behind curved opal glass. Concealed cabinets at each side provide valued storage space, complete with adjustable glass shelves and oven-baked enamel interior. A light switch and convenience outlet are situated inside the lefthand cabinet, but additional control by a room wall switch is recommended. Two 40-watt T-10 lamps are packed with each unit. Mirrors are plate glass and all chromium plate is on solid brass. A gracious tribute to discriminating taste by architect, builder, and home owner.

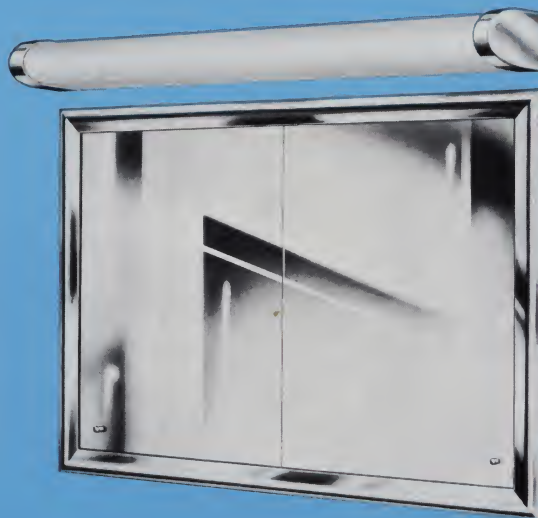

No.	Center Mirror	Wall Opening	Overall of Flange	Shipping Weight
HV-3429	18" x 25"	33 1/2" x 28 1/2" x 4"	34 1/2" x 29 1/2"	97 lbs.

For Wiring, see Figure 1 on Page 25

## The Mirro-Slide

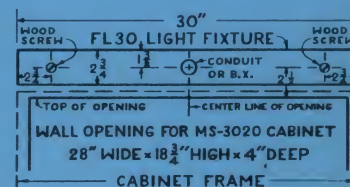

This moderately-priced steel cabinet with the sliding mirrors is gaining rapidly in popularity, thanks to its smooth appearance and all-around practicability. The two plate glass mirrors slide smoothly and silently at the command of a finger, revealing an interior finish of baked enamel in hammertone textured metallic color, and convenient bulb edge glass shelves. Designed for utility, the Mirro-Slide offers several advantages over conventional type hinged-door cabinets. These include greater viewing expanse, more shelf space, flush-wall mounting with no projections, one mirror always ready for use even when the other is open, and low, wide style blending with contemporary design. The Mirro-Slide has a beautifully formed heavy extruded aluminum frame polished brilliantly to match the chromium plate.

No.	Mirror	Wall Opening	Overall of Frame	Shipping Weight
MS-3020	28" x 18"	28" x 18 3/4" x 4"	30" x 20 1/4"	35 lbs.

### \*NO. FL30 FLUORESCENT LIGHT FIXTURE

The light fixture shown above is designed for use with the Mirro-Slide cabinet. It has a white translucent shade, chromium plated trim, and light switch...and takes a 24", 20-watt, fluorescent lamp. Recommended installation is above the cabinet as shown in detail at right. It is not a part of the Mirro-Slide cabinet, but is packed and sold separately.

DE LUXE BY **HALL-MACK®**

## MORE MEDICINE CABINETS

WITH FLUORESCENT  
MODERN LIGHTING

No.	Mirror Size	Wall Opening	Overall Width	Shipping Weight
FLP-1826	18" x 26"	24" x 24" x 4"	25 1/4"	50 lbs.

Wiring Data on Page 25, Figure 2

This seamless porcelain cabinet has a half-pillar of light on each side, with its full length fluorescent lamps concealed beneath curved opal lumarith. The lifetime porcelain-on-steel cabinet has three bulb edge glass shelves—adjustable to half an inch—a toothbrush holder, and light switch. Plate glass mirror has a chrome frame and light fixtures are trimmed with solid brass, beautifully chromium plated. Two 24" fluorescent lamps—T-12, 20 watt, soft white—are packed with each cabinet. Details of this cabinet and mirror door are shown on Page 25.

WITH CONTROLLED

Wiring Data on Page 25, Figure 3

This seamless porcelain cabinet is equipped with full length lumiline lamps. Light fixtures are solid brass, of modern design and beautifully chromium plated. Each lamp has an adjustable chromium plated brass shade that may be regulated to provide just the amount of light desired. This cabinet has light switches, but control from a room wall switch also is recommended. Two 18" 60 watt lumiline lamps, inside white, are packed with each cabinet. Details of cabinet and mirror door are shown on Page 25.

EXTERIORS OF GLEAMING BRIGHT BEAUTY... INTERIORS OF *porcelain on*

BY AMERICA'S ORIGINAL DESIGNER OF THE PORCELAIN CABINET

# HALL-MACK®

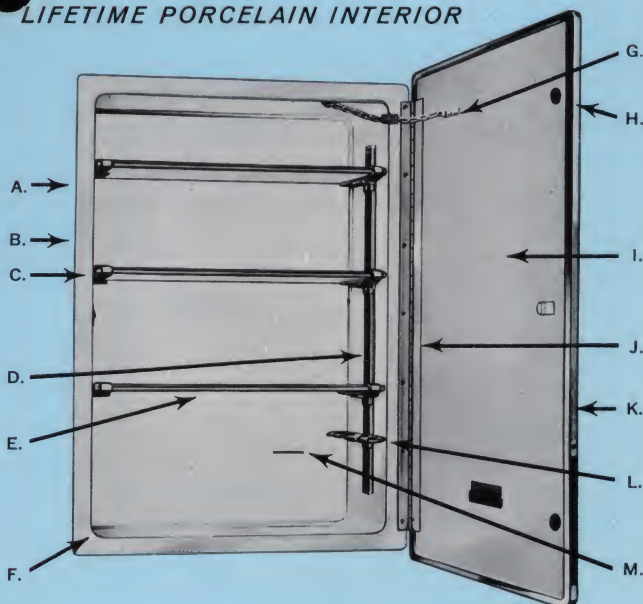

PORCELAIN CABINETS ARE DRAWN SEAMLESS FROM A SINGLE SHEET OF STEEL

There are no dirt catching cracks, crevices, or corners, and three gleaming coats of vitreous porcelain enamel are furnace-fused to the seamless steel body. The result is a sturdy, easy-to-clean, sanitary medicine cabinet designed for lifetime service. The mirror door is mounted with a long piano hinge welded to the steel back. Glass shelves are adjustable to a half inch, and there is also a razor blade slot and toothbrush holder. The brilliant plate glass mirror is bound with a chrome-like stainless steel frame for greater protection and beauty. Way-ahead in style, durability and value.

No.	Mirror Size	Wall Opening	No. of Shelves	Shipping Weight

HIGHLY ADAPTABLE

# LAVATORY LEGS and TOWEL BARS BY **HALL-MACK®**

FOR THAT STYLISH  
STREAMLINED  
TOUCH

## All-purpose Lavatory Legs No. LL2

Streamlined and versatile, these stylish Lavatory Legs are practical and beautiful. The  $\frac{3}{4}$ " hexagonal tubing is made of stainless steel, brilliantly polished to match the chromium plate. Escutcheon at the top is cast Zamak metal, chromium plated. This Hall-Mack leg fits nearly all makes of both enameled iron and vitreous china lavatories...and the No. LL2 legs also give a much greater range of adjustment than found in conventional makes. They may be adjusted for widely varying lavatory heights without cutting. No. LL2 Lavatory Legs are packed 12 pairs to the shipping carton, weighing 30 pounds.

### HEIGHT ADJUSTMENT WITHOUT CUTTING...

No. LL2 Lavatory Legs are made to give an adjustment of  $2\frac{3}{4}$ " without cutting, and may be adjusted from  $26\frac{1}{2}$ " to  $29\frac{1}{4}$ " for the distance from floor to the bottom edge of the lavatory. If bottom edge of lavatory is less than 28" above floor, simply screw Foot 6 into end of Leg 5 as illustrated in picture above. If bottom edge is more than 28" above floor, thread Extension Sleeve 12 down onto Foot 6 before screwing Foot into Leg. After adjusting Foot for height, tighten Extension Sleeve against Leg 5 as shown in detail at right.

## Lavatory Towel Bars No. LB2

Towel Bars No. LB2 are designed for use with No. LL2 legs. The hexagonal bar of polished stainless steel tubing matches the leg design. The post, which attaches to the leg, and the concealed screw wall flange are cast Zamak metal, brilliantly chromium plated. The Towel Bars are packed and sold in pairs...and are packed separately from the legs. Twelve pairs of No. LB2 Towel Bars are packed in a shipping carton, weighing 17 pounds. Only the right-hand bar is shown here to illustrate the leg both with and without the Towel Bar.

## Lavatory Clamp-on Towel Bars No. 883

The  $\frac{3}{4}$ " hexagonal bar is polished stainless steel. Clamp-on type posts are die-cast Zamak, finished in polished chromium plate. This Towel Bar fits all enameled iron lavatories and also some china lavatories. Bar is 14" long. No. 883 is boxed and priced individually.

## Lavatory Legs No. LL3

An attractive, economical leg for use with enameled iron lavatories. Leg tubing is  $\frac{3}{4}$ " hexagonal polished stainless steel, and the graceful die-cast Zamak foot is polished and chromium plated. The leg is extra long so that the top of the tube may be cut to fit any height lavatory. No. LL3 legs come packed both with cup and  $\frac{3}{4}$ " square cap, so that either may be used for the top assembly. Consequently, this leg is usable with nearly all makes of iron lavatories. No. LL3 legs are packed 12 pairs to the shipping carton, weighing 20 pounds.

IT pays TO USE THESE POWERFUL SALES INCENTIVES OFFERED BY **HALL-MACK®**

ON EVERY SIDE...THERE'S *beauty in the bath*

WITH **HALL-MACK**<sup>®</sup> BATHROOM ACCESSORIES

Viewing a Hall-Mack equipped bathroom is pleasant. *Owning* one is even more rewarding. On every side, unobtrusive beauty makes its presence felt, blending skilfully to create added grace and charm. However, a bathroom must be more than just a show place...and that's where Hall-Mack really shines. Extra convenience, extra utility are built into every Hall-Mack product...as much a part of these fine accessories as their famed quality. Little things always mean a lot in this much-used room. More so when they're Hall-Mack.

#### FOR BRIGHTER TOMORROWS

Fresh creative designs that sparkle with originality are part and parcel of Hall-Mack fixtures. From drawing board to dealer showrooms, these delightful space makers succeed in capturing the desire of architect, builder, and the

home makers who will use them. Yesterday's bathroom may have been dull and lagging in convenience. Today's fairly gleams with the *practical* brilliance of these exciting accessories...designed for brighter tomorrows.

#### QUALITY ACCESSORIES FOR EVERY HOME AND BUDGET

One notable quality of these fine products is their scope. Devised to satisfy a wide range of preference and pocket-book, Hall-Mack's *complete* line fulfills effectively the varied demands made upon it. Firm evidence of this versatility is revealed by the way these quality

accessories make themselves equally at home in deluxe hotels, public buildings and institutions, modern apartments, palatial dwellings, and family units of every description and style. Suburbia, exurbia, or downtown...these budget-wise accessories are Exhibit A in finer bathrooms everywhere.

THOSE WHO BUILD, SPECIFY, AND

SELECT...KNOW THAT *quality* IS A *custom* ALWAYS...

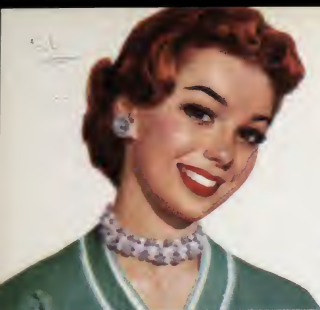

YES, BATHROOMS ARE MORE *beautiful* TODAY...

One reason is the availability of these singularly original, quality-crafted Hall-Mack products ...styled to meet the varied needs of discriminating home-makers. Another is the *solid* preference for these sparkling lifetime accessories by leading architects, decorators, and builders...because recognition from these experts is as highly prized as it is hard-earned. Ultimately, this combination of preference, product, and careful planning is producing bathrooms of enduring charm. Hall-Mack is an accessory to that fact.

WITH **HALL-MACK**<sup>®</sup> BATHROOM ACCESSORIES!

## ARISTOCROME

**IN SOLID POLISHED BRASS - NOT JUST BRASS PLATED**

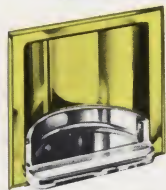

For those who want something different in the way of fine bathroom accessories, the items shown here in Hall-Mack's Aristocrome line are now available in polished solid brass.

Utilizing a high-fired, clear-baked enamel finish that disdains tarnish, these beautiful solid brass accessories have a built-in lustrous sheen that requires only occasional cleaning with a soft, damp cloth. Styled to complement any decor, these distinguished Hall-Mack Aristocrome Accessories will add extra sparkle to any bathroom.
